

TireMinder® TPMS Wins MotorHome and Trailer Life Reader's Choice Gold Award for the Fourth Year in a Row

Stuart, FL. Minder Research, creators of the popular TireMinder® tire pressure monitoring systems, has been awarded both MotorHome and Trailer Life Magazine 2015 Reader's Choice Gold Awards. This marks the fourth consecutive year that the TireMinder® TPMS has received first place in the Reader's Choice Awards.

"It is such an amazing feeling to be awarded the #1 TPMS..." remarked Debbie Druien, President of Minder Research, Inc., "not to mention for the fourth year in a row! Our whole team is ecstatic and ever so grateful to all of our customers who helped spread the word about our product and service!"

"When you change the way you think about a product, create a product you would trust to protect yourself, a product you would want your children to use, and then assemble an amazing support staff, a team that treats everyone the way they would want to be treated...."

"It's just great, plain and simple. We've got the best team around and we will be pushing full sail ahead for 2016!"

TireMinder® TPMS for RVs, MotorHomes, Motor Coaches, Trailers, Cars, Trucks and SUVs can be found at dealers and distributors throughout the USA and Canada.
